

Finding Mental Health Care Providers in the TRICARE® West Region

Your mental health is an important part of overall health and well-being. With so many different mental health care provider types, finding the right provider can be confusing. If you are looking for a specific type of mental health care provider, the Network Provider Directory at www.tricare-west.com can help.

TRICARE covers mental health care services, including those delivered through telehealth. Be sure to review referral and pre-authorization requirements for mental health care services at www.tricare.mil/mentalhealth before seeking care.

Searching the West Region Network Provider Directory

1. Go to the [Network Provider Directory](#).
2. Click the circle next to “Health Care Providers” in the *Search For* section.
